

EXPLORE THE WATERFRONT — INTERACTIVE TOURS

As part of the Waterfront Symposium, join one of the below tours that showcase innovation, recreation, and revitalization along Toronto's waterfront.

ETHOS CLIMBING

Toronto's premier bouldering space — where world-class routes, great coffee, and community meet. Try a guided intro lesson, complete a safe fall test, and learn essential climbing techniques. Shoes available for rent.

GEORGE BROWN COLLEGE — LIMBERLOST PLACE

Canada's tallest mass timber post-secondary tower blends bold architecture with net-zero design. Home to the School of Architectural Technology, Brookfield Sustainability Institute, and more, it's a living lab for low-carbon urban innovation.

PINNACLE SKYTOWER — ONE YONGE STREET

Step inside the 106-storey tower set to be Canada's tallest. Get sweeping waterfront views and see how this development is redefining Toronto's skyline.

WATERFRONT TORONTO — INNER HARBOUR BOAT TOUR

Cruise aboard the Miss Kim Simpson for a guided look at the waterfront's past, present, and future. Departs 3:30 p.m. from 145 Queens Quay West. Space is limited.
